

## Things to do when a loved one dies

- Obtain Death Certificate (hospital or GP)
- Check for organ/tissue/full body donation request
- Take certificate to registrar
- Locate their Will and contact the executors
- Inform family, friends and important organisations
- Check for any life insurance policies
- Decide whether you need financial assistance
- Contact funeral director/Celebrant of your/ loved one's choice
- Arrange care for dependants and pets
- Secure empty property
- Secure any valuable belongings
- Secure car in garage and lock any outbuildings and gates if possible
- Ask Post Office to redirect post
- Inform their bank
- Stop all store and credit cards
- Notify health professionals, GP, dentist, etc
- Stop any regular deliveries
- Cancel any holidays or other future engagements
- Pay important bills
- Inform utility companies
- Cancel driving licence
- Close email and social media accounts
- Cancel insurance policies, (life, car, buildings and contents, medical, travel, etc)
- Inform any religious groups they belong to
- Inform any clubs, social groups, organisations, etc.
